WEEKLY REPUBLICAN—1887,
DAILY PUBLIC LEDGER—1892.

A FELLOW.
No matter how a fellow turns
The Trusts are on his track;
They swat him when he's going
And they swat him coming back.
The man who goes from frigid lands
When coal goes up in price
Will find on reaching warmer climes
Some trust has boosted ice.

Mr. George Thomas Hunter of this city was one of the recent graduates from Baylor's University School at Chattanooga, Tenn. In his examination George stood high in his class. He was one of the gold medals on his work for the entire school session, with an average of 95; made 100% on his final examination in Algebra, and was on the honor list for having a demerit recorded against him during the year. This is a record of which any young man may well be proud.

The young ladies and misses gave some choice selections from such masters as Mendelssohn, Lichner, Haslinger, Kirchner, Krugmaas, Chopin and others, and displayed their developing talent in an artistic manner that reflected great credit on Miss Raisas, their instructor. The afternoon was a delightful one to the fortunate ones present.

"Home, Sweet Home!"

Many of the Home-Comers, though absent for many years, will, among other notable things in old Maysville, remember the erstwhile Blum & Hechinger, the now D. Hechinger & Co., Clothing Store. It will afford the senior member great pleasure to again meet the "Old Boys" that he knew so well years ago.

Not only Home-Comers, but all visitors to Maysville during the week are not only invited but entertained, during idle time, to make our large, commodious rooms their lounging place.

Incidentally, we will add, "To commemorate Home-Coming Week," we will offer extra inducements to visitors that want to buy the best clothing made in the world. Please remember that you will not be importuned to buy, but if you need anything, the pleasure will be ours.

MAYSVILLE-ON-THE-Ohio, nestling in a valley as picturesque as the most favored of the Hudson or the Rhine, is an ideal spot for those who desire a home in the midst of scenic beauty unsurpassed in all the world.

It is the capital of Mason county, located in the famous Bluegrass Region, where the farms are highly productive of all the staples, while it is the home of the celebrated White Burley Tobacco, and the center of the District which alone produces it. The city has right now a population of 10,000, and the number is increasing every few days. There are good schools, public and private; Churches of all denominations; the finest system of water-works in the United States—with three active distilleries to forestall possible famine. We have an electric street railway, gas and electric lights; manufacturing industries so diversified that "dull times" have comparatively little effect; telegraphic and telephone service to all points,—and more a-comin'. There are two daily passenger trains each way between New York and Honolulu, and five each way daily between the city and Cincinnati over the Chesapeake and Ohio Railway, and four daily trains each way over the L. and N. to and from all points in Central Kentucky—so if you don't like the old town after a fair trial there are ample facilities to get away. There are Lodges of all sorts of Masons and Oddfellows, big fellows and little fellows, Redmen, Knights of Pythias, P. O. S. A.'s, Junior Order, Macabees, Eagles, Buffaloes, Elks, Knights of Columbus, Grand Army Boys, Confederate Veterans, Sons of Rest, with two members of the Legislature—and if you want any others we'll get 'em. We have two daily newspapers, a free public library with accomplished lady librarians,—and as a further means of disseminating news there are innumerable sewing circles and card clubs among the Church members. These embrace a few of Maysville's present attractions, others will be added during the current summer, notably Home-Coming Week the Fourth of July and brick streets. If you like the prospect, Come and live with us; we will do you good—say the "do" softly, please!

Now, just watch Maysville grow.

AND JIM HARGIS is still a high priest in the Democratic temple!—*Courier-Journal*.

Sure, Mike: quite sure!

WHEN you get to Maysville next Wednesday, don't stop to ring the bell: just walk right in and help yo'self!

THE Government authorities, as well as the Campbell County Grand Jury, are going after the Chesapeake and Ohio Railway Company. Bull-headed employees have been blocking the streets with freight trains, stopping the United States Mails, streetcars, and traffic of all kinds. Here lately, for some reason or other, some of the management of the C. and O. has taken up the notion that it owns the Earth.

"The Beef Trust has itself alone to blame for the storm which has arisen over recent developments, official and unofficial," says The Cincinnati Commercial Tribune. That's fortunate; for it's about the only thing on earth that has sufficient "gall" to shoulder such an unsavory responsibility.

The Court of Appeals has handed down a decision that water-works and lighting plants owned and operated by cities of the state, and bonds held for public purposes, are not subject to taxation. If fool Kentucky Legislatures would exercise an ounce of common sense, there'd be no use bothering Courts with such matters. Whenever the Government levies a tax, it never levies it against a "taxing corporation." That is, a municipal corporation—the city of Maysville—has through its Board of Councilmen the right to levy taxes; hence, the Government never exacts a tax from the city of Maysville, nor does it require a revenue stamp on any checks, notes, bonds or whatever papers used in carrying on the municipality.

THERE'S trouble for the laws and law-makers of Ohio. Suit has been filed by Attorneys of the liquor interests to set aside the Akin Act, imposing an increased tax on saloons.

According to the official report of the work accomplished by the last Legislature every act recorded after March 17th does not contain the signature of Governor PATTISON.

Instead of that signature, each of the Acts passed after that date bears the following certificate—

"This bill was presented to the Governor (the date indicated) and was not signed or returned to the House (or Senate) wherein it originated within ten days after being so presented, exclusive of Sundays and the day said bill was presented, and was filed in the office of the Secretary of State. (Signed) LEWIS B. HOUCK,

"Secretary to the Governor."

If the contention of counsel for the liquor interests stands, the result will be an annulment of almost two-thirds of the bills passed by the last Legislature.

There's war between Mexicans and Americans at Rio Grande City, with several killed on each side. The Governor of Texas has sent rangers to suppress the disorder.

The battleship Georgia on her official speed trial off Portland, Me., made a record of 19.26 knots an hour, not only exceeding by more than a quarter of a knot the speed required by her contract, but establishing herself as the fastest battleship of the United States Navy.

"Since the close of the three weeks' meeting in May, in which the Rev. L. O. Spencer was assisted by the Rev. J. M. Evans, there have been twelve more additions, making twenty-eight in all, as a result of the services. Mr. Spencer says of Mr. Evans: 'It is refreshing to see that Mr. Evans retains so much of the vigor and energy that characterized his work twenty-five years ago. He has had a wide and varied experience in evangelistic work, and his almost inexhaustible fund of personal reminiscence and illustration is used with impressive effect in his preaching. God seems to be with his servant in special power to make his last days his best days. His preaching and personal work are permeated with the consciousness that in the ordinary course of nature he will not have many more years to labor, and his zealous consecration to the Master's cause quickly impresses his hearers."
